## 🪑 RESUME SUMMARY

I am a Passionate Full Stack Web Developer with around 2 years of hands-on experience in building responsive and user-friendly web applications. Skilled in frontend and backend development, problem-solving, and creating real-world projects. Along with my technical background, I have 1 year and 6 months of professional experience in the automotive sales industry, which strengthened my communication and client-handling skills. I am eager to contribute to innovative teams and grow as a developer.

## ◈ INTERNSHIPS AND PROJECTS

| | |
|---|---|
| Internships | **CISO Cybersecurity** ( Duration November 2025 - November 2025 )<br>4 month's<br><br>**Cisco Networking Academy** ( Duration April 2025 - April 2025 )<br>During my internship in Cyber Security Essentials, I learned the fundamentals of cybersecurity and how to protect systems and data from cyber threats. I worked on understanding network security, identifying common vulnerabilities, and learning about malware, phishing, and cyber attacks. I also practiced basic security techniques such as password protection, safe browsing, and data protection methods. This internship helped me gain practical knowledge about how organizations secure their digital systems and respond to security risks. |
| Projects | **E-commerce App** ( Duration February 2026 - February 2026 )<br>Build Full Stack Mobile E-Commerce App with React Native and Expo | This can help for both Android and iOS app development using React Native<br><br>**Food ordering website** ( Duration January 2026 - January 2026 )<br>I Build Full Stack Food Ordering Website using React JS, MongoDB, Express, Node JS & Strip<br><br>**portfolio** ( Duration March 2025 - March 2025 )<br>Self portfolio created by using the languages like html, css with responsive and modern method |

## ✖ SKILLS AND ACHIEVEMENTS

| | |
|---|---|
| Skills | Fullstack Development,Front End Technologies,Web Application Development,Mobile Application Development |
| Language | English ( Both ) |
| Awards & Honor | I participated in a hackathon where I worked on developing a web-based solution within a limited time frame. During the event, I contributed as a full-stack developer by helping design the user interface, working on frontend functionality, and supporting backend integration. This experience helped me improve my problem-solving skills, teamwork, and ability to build projects under pressure. I also received a participation certificate for successfully completing the hackathon. |
| Test score | CAT ( 0.0 ) |
